

School Compliments

In over 4 years xxxx has been so anxious and scared of school! I often believed I would never find him another school until I spoke to Linda. Today he came out so happy, really enjoyed all the conversations with his teachers and isn't scared to go In Tomorrow! I'm in shock! Happy shock! Long may it all continue. I know it won't always be plain sailing but I believe if he trusts all his adults we can get through it all.

From Yr 9 Parent

Just some feed back on a brilliant week. Xxxx is doing so many things that shock and please us and we are very proud of him. Please pass on are thanks to the whole team.

From Yr 7 Parent

Thank you everyone for what you have all done for xxxx. He is a changed child, and she feels she has her little boy back! Apparently, he said last night "Mum, I've got friends"! And he's gone from a school refuser to waiting for the taxi every morning! Just "well done" everyone – you're all amazing and are making such a difference to these fabulous children!

From Yr 6 Parent

I am SO happy xxxx is settling in so well, he is "so happy to come to school ... it's a miracle how he has changed in such a short amount of time" I want to thank you, after a very difficult few years for helping to make my boy happy. 😊

From Yr 6 Parent

I am SO grateful for all the encouragement that is given to xxxx, how her teacher has helped turn her school life around and made her into a different child. I am very grateful to both Liam and YH for everything that is done for xxxx. It makes me emotional when I think how wonderful life feels now. Mum says it's the best thing she has done, as a mum to xxxx, sending her to Yarrow Heights.

From Yr 7 Parent

It helped that you respected him and understood him and done the changes to assist him. Thank you soo much, you're amazing. Please pass this on to the head Teacher as you need to be recognise for your amazing work!

From Yr 6 Parent

Just wanted to say thank you so much. We love your school. Just the feel feels perfect for xxxx. Honestly means so much can't thank you enough for giving xxxx this opportunity!

From Yr 6 Parent

I just wanted to say a big thank you for turning things around for xxxx. I know we will always have challenges but she has settled so much more this term and found somewhere she belongs and can thrive. Her self esteem has improved greatly and with that her attitude is also improving. So great work team YH

From Yr 7 Parent

Huge thank you to everyone at Yarrow Heights for making xxxx first week a really positive experience. I am confident that together we can overcome any wobbles and xxxx now has the chance for a happy and fulfilling future.

From Yr 9 Parent

He really liked the fact that there were two types of plates in case you really don't like your food touching.... It really couldn't have gone better 😊 I'd say the first day was a success!

From Yr 7 Parent

It is so good to know that you understand and recognise her struggles and I believe Yarrow Heights will give her the best chance of not becoming one of the "lost girls"

From Yr 9 Parent

xxxx came bouncing in this afternoon and immediately wanted a pen and piece of paper to demonstrate his teachings of maths today!! This from a boy who hasn't willingly (let alone of his own initiative) put pen to paper at home for 2+ years! What can I say, thank you, well done, you as a team are already bringing out his potential - you're fab !!!

From Yr 5 Parent

I just wanted to say thank you , to all of you for looking out for xxxx today it means a great deal to me. Yarrow Heights will be the making of xxxx just need to get xxxx settled into the new routine and he will be just fine.
